ABOUT ME

I m a tech enthusiast who loves exploring new technologies and staying updated with the latest trends. With a strong passion for IT security, I enjoy learning about cybersecurity principles, ethical hacking, and protecting digital systems. My curiosity drives md to constantly expand your knowledge in various domains, whether it's web development, backend technologies, database management, or automation.

WORK EXPERIENCE

WEB DEVELOPER(INTERNSHIP) – BRAINWAVES – 03/03/2024 – 30/08/2024 – SURAT, INDIA

- Learned and applied **React.js** fundamentals including components, props, state, hooks, and routing to develop interactive web applications.
- Built multiple **small-scale projects** such as to-do apps, calculators, and user forms to strengthen understanding of React and frontend development.
- Gained experience with **REST APIs** integration, component-based architecture, and responsive design using **CSS** and **Bootstrap**.
- Successfully developed a **Graph Visualization Project** utilizing advanced React concepts, state management, and external libraries to display dynamic graph data.

FULL STACK DEVELOPER(INTERNSHIP) – BRAINWAVES – 01/11/2024 – 30/04/2025 – SURAT, INDIA

- Developed **modules and components** using **React.js** for interactive web applications.
- Worked with the **MERN stack** (MongoDB, Express.js, React.js, Node.js) to build and manage website functionalities.
- Designed and implemented a **Bill Generation Module** to automate invoice creation and improve overall user experience.
- Contributed to both frontend and backend development, focusing on seamless integration and optimized performance.
